

Carrington Coleman Teams up with Dallas Women Lawyers Association in 'The Pitch'

May 01, 2024

Overview: Carrington Coleman was proud to team up with the Dallas Women Lawyers Association to sponsor The Pitch, a premier business development experience designed to help increase the number of women equity partners. Carrington Coleman partners, Marisa O'Sullivan and Jennifer Ryback, started The Pitch in 2022 and continue to be instrumental in its success year to year. This year, the firm also had Debran O'Neil and LaCrecia Perkins on the planning committee. We are thrilled to help with this important programming that tangibly contributes to the elevation of women in law.
